

# Why choose Lily Head Dental Practice Sales?

Established in 2010, we are a UK wide dental broker that exists to **'help dentists exceed their business ambitions'** through the sale, purchase and financing of dental practices.

We have been selected by Denplan from Simplyhealth Professionals and the BDA Middlesex & Hertfordshire Branch to act as their preferred dental brokers for their members.

Our founder, Lily Head is an elected member of the 'Association of Specialist Providers to Dentists' (ASPD) and the business is a member of the BDIA.

We value (£) dental practices for vendors and provide consulting on how they can maximise the value of their business in their timescales. We also have an in depth knowledge of the intricacies of varying and transferring NHS contracts.

All our clients have access to support with business finance, CQC registration/de registration and all the legislative requirements around the sale/purchase process.

In order to remain up to date with current trends, projected trends and developments in the market we spend our time with dentists and professionals within the dental business sector. We also leverage our own bank of transactional data.

We speak at around 30 seminars a year. Including BDA events, LDC events and Trade Shows. Our focus is on helping dentists to make good decisions and developing our own knowledge.

## What our clients say...

“ My husband Ewen Campbell, I have worked at Eustace & Partners since 1988. During that time, we had developed a successful business that we remain very proud of.

After completing a market review, we appointed Lily Head Dental Practice Sales to represent us.

We had an outstanding level of interest when the practice went to market. Lily presented us with an analysis of all the offers which made it easy for us to draw comparisons.

We have no hesitation in recommending them to any colleagues who are considering selling or buying a dental practice.

**VIVIEN CAMPBELL - EUSTACE & PARTNERS** ”

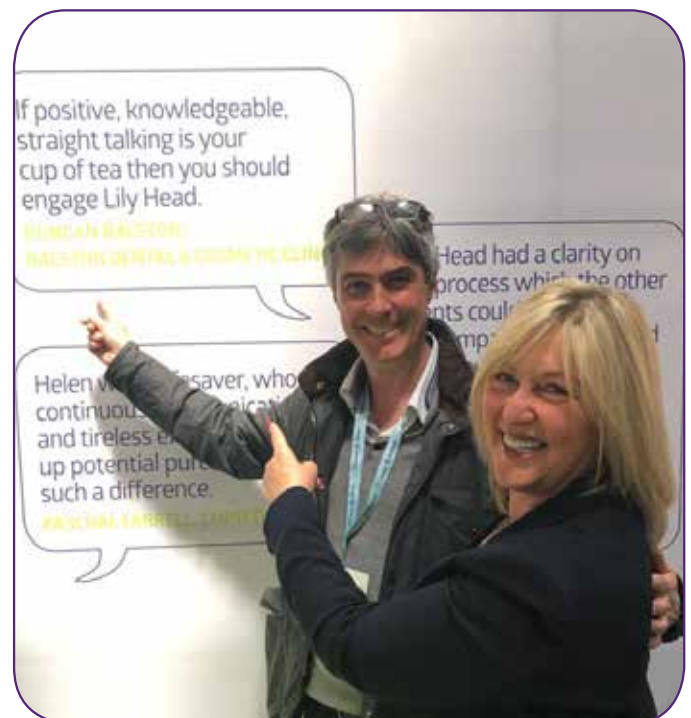

“ As a first time buyer, I was very anxious and had many questions. Helen Cheskin from Lily Head Dental Practice Sales was absolutely wonderful and reassured us at every stage. Helen is very professional, very efficient and let's you know exactly where you are in the buying process. It was a pleasure to work with her and I am really enjoying dental practice ownership. ”

**MAITRI SANKETT, REDENHAM PARK DENTAL**

“ Lily Head Dental Practice Sales recently marketed and sold my dental practice. Lily herself is very professional and knowledgeable about the dental market. Most importantly she understands that each practice is unique, and excels in matching her clients with the right purchaser.

Lily and her team were wonderful providing support along all the different stages of the sale. I do not hesitate to recommend their services to any dental practice owner who wishes to sell their practice, now or in the future. ”
